## Certification statement

I certify that the company named above utilises Truelight to provide projector-based film grading in the listed grading theatres to the following standards:

- Projector-based grading at a minimum of 15 ft/L (foot/Lamberts) and 1400:1 contrast ratio
- Regular calibration process - projector every 4 weeks and whenever the lamp is changed, and filmout when lab and/or stock changes
- Commitment to have Truelight in use if the plaque and certificate is on display

I agree that unless I notify Filmlight to the contrary, Filmlight may list my company as a Truelight certification program member.
